

Confirmation Community Service Log

The Service Log Slip will not be accepted unless it is completely filled out

A major part of being a Christian is to follow the example of Jesus in serving others. As part of your Confirmation preparation, you are required to perform service for your church and/or civic community in some way. Please use these forms to record your community service projects. Please completely fill out the form prior to turning it in.

Start from the bottom and cut off one form for each project as you complete your service requirement. You may submit your community service forms during classes or you may bring them to the Youth Ministry Office at any time. As with all other paperwork, if the office is closed, you may leave it in our YM mailbox.
